This X-332 has had a very successful racing history with many National titles to her name. With a large racing sail wardrobe constantly updated since her original owner who purchased her in 1998, and optimised control lines, she is well set up to continue to win races with the new owner. The option to choose between tiller and wheel steering is possible as she comes complete with all parts required. Her interior condition is immaculate as she has been well looked after throughout her life. Currently lying ashore in Southampton, a viewing is highly recommended if you are looking for one of these popular dual purpose X-Yachts.
